Debris Free, Inc.

...provides high quality services designed to provide consistently great results each and every time.

Debris Free's Philosophy of Service Excellence Means:

Industry-Leading Methods, Training and Procedures

- High quality service delivered in a consistent, dependable and knowledgable manner.
- We subscribe to the sweeping industry's Ethics Program developed by WorldSweeper.com, which is your assurance we offer high quality, ethical level of service.
- We are committed to being leaders in the industry as a top echelon sweeping company, always at the forefront of industry methodology, equipment and information.

An Outstanding Level of Service

We sweep in an established manner each night. You will not see sand build-up on properties swept by Debris Free. Nor will you see build-up in the corners of your property or trash in your landscaping. Our procedures are customized for each client, and customarily include:

- sweeping all parking areas near and far from the building,
- cleaning around curbs and wheel blocks,
- blowing off sidewalks and other areas inacessible to sweeper,
- handpicking (when needed) natural and landscape areas,
- change-out of trashcan liners.

Use of Innovative and Late Model Equipment

- We maintain our equipment so that it performs up to manufacturer's OEM specifications. This ensures we can offer optimal performance on your property, and do so with minimal mechanical malfunction.
- We utilize air sweepers for maximum environmental benefit to our customers and their employees and clients. Air sweepers do a better job of picking up the fine material that can create slip-and-fall incidents, as well as ambient dust that can create respiratory problems.

Motivated Employees

- Our sweeper operators perform at a high level.
- Our ongoing professional training programs enable us to offer the most thorough and reliable service procedures available.
- We are proud of our company and the work we do. You'll see this enthusiasm reflected in the excellent service we provide each and every time we're on your property.
